Dancing at the Seashore.

The nightly dances being given at the delightful Seashore Hotel on Wrightsville Beach, by Manager Hinton, this season, are proving a source of infinite pleasure to a large number of young people who are present each night. It is with so much reluctance each night that the young people give way to the lateness of the hour, that Mr. Hinton has decided to engage the orchestra until 12 o'clock to-night and for the regular week-end dance to-morrow night. The young people of the city and the beach are cordially invited to both dances.

Serious Accident to Child.

While playing and wrestling with a number of companions yesterday morning about 11 o'clock, the little 6-year-old son of Mr. and Mrs. J. L. Batts, who live at No. 915 North Third street, was thrown against the corner of some steps, resulting in the dislocation of his shoulder and the breaking of his collar bone. Dr. C. D. Bell was called and gave the little fellow all the attention possible. At last accounts the boy was resting very well.

The Presbyterial Schools.

The Rev. R. Murphy Williams, the progressive evangelist of Wilmington Presbytery and agent for the Presbyterial schools, was here yesterday and was being cordially greeted by numerous friends. Rev. TRAINING INSTITUTE

Sunday School Workers of Two States Now Assembled at Wrightsville Beach

DELEGATES AND VISITORS

Delegates and Visitors More Than a Hundred in Attendance, Including Bishop Stevens, of South Carolina and Dr. Pell.

Upwards of one hundred prominent Sunday School workers from all over North and South Carolina are at Wrightsville Beach in attendance upon the training school for Sunday School teachers, which is being conducted by Dr. H. M. Hamill, of Nashville, Tenn., superintendent of the teachers' training department of the Southern Methodist Church, under the auspices of the North Carolina Conference Sunday School Board of which Mr. W. B. Cooper, of this city, is secretary. The sessions are being held in the auditorium of the splendid Seashore Hotel, the first of them having convened yesterday morning at 9:30 o'clock. An increased attendance is expected to-day as there was some confusion in the literature sent out announcing the great gathering.

Mr. W. B. Cooper is acting as secretary of the conference and the registration yesterday morning showed a goodly number of visitors in attendance. The opening was a scriptural reading by Dr. Hamill, followed by an interesting address by Mrs. Hamill on Sunday music. The first topic for discussion was the relation of the pastor to the Sunday School and the subject was ably treated by Dr. Hamill, who is a man of engaging presence and one thoroughly conversant with all departments of the great work in which he and his consecrated wife are enlisted.

Upon conclusion of Dr. Hamill's excellent address which covered every phase of the subject, Mrs. Hamill was listened to intently for some time in an interesting address upon the primary work of the Sunday Schools. Mrs. Hamill's talk was plain and earnest. She was heard with especial pleasure by the lady teachers in attendance.

At this juncture of the proceedings, the venerable and much beloved Bishop P. F. Stevens, of Charleston, S. bly in a fervent prayer. Dr. Hamill C., was introduced and led the assemnext spoke of the ideals in a Sunday School teacher and impressed all with the necessity and importance of attaining the standards in a teacher as set up.

The closing hour was taken up with an interesting and helpful Bible talk by Dr. L. G. Pell, of Richmond, Va. Dr. Pell is editor of "Push," an original publication of pith and point and he is also an author of note. He had something to say and said it in a way to engage the undivided attention of those before him.

At 6 o'clock an half-hour prayer and praise service was held, the remainder of the afternoon and evening being devoted to recreation and pleasure. Last night was a beautiful one on the beach and the broad verandas of the Seashore Hotel, swept by cool ocean breezes, were lined with visitors who were enjoying their stay to a degree of which adjectives fail of description. In addition to the large number of guests previously published the following were registered at the hotel last night:

Chas. B. McAuley, Madison; E. C. Chambers, wife and children, of Asheville; R. L. Burns and wife, W. D. Welborn and wife; Mrs. P. H. Trash, Miss C. B. Harville, Mrs. Gay Green, Asheville; T. N. C.; Miss Lizzie Edwards, Snow Hill; I. W. Murphy, Atkinson; J. N. Parke and wife and Miss Vivian Parke, Farmville, N. C.; Geo. K. Bissette, and wife, Nashville, N. C.; W. E. The topics for discussion, beginning at 9:30 o'clock this morning, are as follows: "The Sunday School Blackboard," by Dr. Hamill; "Superintendent and School," by Dr. Hamill; "The Primary Teacher," by Mrs. Hamill; "The Teacher Preparing," by Dr. Hamill; "Approved Modern Methods," by Dr. Hamill.

BOY ALMOST DROWNED

Narrow Escape of Little Son of Mr. E. V. McKenzie at Carolina Beach Yesterday Morning.

Kenneth McKenzie, the little 9-year-old son of Mr. E. V. McKenzie, of the Cape Fear Machine Works, in this city, had a narrow escape from drowning in the surf at Carolina Beach yesterday morning about 11:30 o'clock. The little fellow in company with a number of persons who went down on the Odd Fellow excursion were in bathing a little below the hotel. Kenneth was equipped for swimming with a little device known as "water wings" and the little folks were having a jolly, good time in the outskirts of a crowd of older persons in bathing. The "wings" in some way became detached from the boy and were being carried out to sea by the tide. The boy started after them, unmindful of the distance, until at length he was beyond his depth and a wave was seen by the children to carry their companion under. They screamed for help and the wildest excitement ensued. Mr. James Donnelly was in the pavilion and quickly divesting himself of his outer garments, he swam to the outer reef in search of the boy but the body was nowhere to be seen. Simultaneously Mr. Will Kure and a colored man, Tom Evans, put out in a boat. They found the body floating, face downward in eight or ten feet of water, about fifty feet from shore. He had then been in the water from five to eight minutes and was quickly brought ashore and carried in the pavilion. It required nearly three-quarters of an hour of heroic treatment to revive the boy. Mrs. G. W. Linder and Mrs. Crump, of Wilmington, and Madame Ona and her husband, who conduct a palmistry booth on the beach, were largely instrumental in restoring the boy. He was brought up to the city on the boat, arriving here at 2:30 P. M. and was taken to his home at corner of Eighth and Dock streets. Neither of his parents were at the beach when the accident occurred. Although the little fellow is still weak and unable to be up, it is hoped that with two or three days careful nursing he will be all right again. Many persons on the beach say it was the narrowest escape from drowning they ever saw and that it was nothing short of a miracle that the child was brought to life again.

MR. KENLY TO BALTIMORE.

Fourth Vice President of Coast Line Gone For Treatment.

Mr. John R. Kenly, fourth vice president of the Atlantic Coast Line and until a few months ago general manager of the system, was brought up from his cottage at Wrightsville Beach on a special car of the Consolidated Company late yesterday afternoon and he left immediately on his private car, No. 302, attached to the northbound train, for Baltimore, Md., where it is understood he will enter one of the hospitals in that city for treatment. The special car from the beach was run to the junction point with the railroad at Ninth and Brunswick streets and Mr. Kenly transferred to his car from there.

His numerous friends here and all over the system hope that his visit to Baltimore and the treatment he will receive there will result in his early and complete restoration to health. Mr. Kenly has been suffering for some time with a complication of troubles, which, while not necessarily serious, have given his friends much concern. He has been at Wrightsville Beach some time but little, if any improvement, was noted in his condition.

CAROLINA YACHT CLUB.

Interest in Fourth of July Regatta—New Bowling Alley.

Already considerable interest is being manifested in the annual Fourth of July regatta of the Carolina Yacht Club fleet at Wrightsville Beach. The usual large number of entries will be made, with one and possibly two new racers. Mr. Henry J. MacMillan has recently purchased a likely craft and Dame Rumor has it that a second new candidate for club honors is being built in this city. However, a mystery seems to veil the new craft and it is expected to make its debut at the beach a little later in the nature of a surprise package for the other fleet owners.

The new bowling alley for the Carolina Club has arrived and the building for its reception is completed. An expert from the factory is expected daily to lay the apparatus.

"Pinafore" at the Beach.

It is estimated that between twelve and fifteen hundred people witnessed the repetition of "Pinafore" in the new pavilion on Wrightsville Beach last night, two extra trains of cars and trailers having been inadequate to handle the crowds to and from the city. Artistically, it was necessarily not the success it was in the Academy of Music here last week, but financially the production was a "hummer." The pavilion could scarcely hold the people who were jammed and packed into the enclosure to witness the novel scene of opera on a seashore stage. Extra cars had to be sent down to the beach after midnight to bring residents of the city back home.

Colored Boy Drowned.

A colored boy whose name or parentage could not be learned, was drowned from the wharves of the Champion Compress early yesterday afternoon. The river was dragged for the body with no success up to last night.

SESSIONS ARE ENDED

Woman's Missionary Union of Wilmington Presbytery Meets Next at Clarkton

THEIR WORK YESTERDAY

Home and Foreign Missions Interestingly Presented—Address By Rev. R. M. Williams—Another By Rev. J. O. Reavis.

The eighteenth annual sessions of the Woman's Missionary Union of Wilmington Presbytery came to a close in Abbie Chadbourn Memorial Hall, of the First Presbyterian church, last night with an interesting address by Rev. Jas. O. Reavis, of Nashville, Tenn., field secretary of Foreign Missions in the Southern Presbyterian General Assembly. Rev. Mr. Reavis is an interesting speaker and told of an interesting work in an interesting way. His address was heard with pleasure and profit by a large gathering. The sessions of the Union in Wilmington this year have been the most successful ever held. About 60 delegates and visitors have been in attendance and the meetings have been marked by enthusiasm and zeal. The Union will observe the "Day of Prayer" at Ivanhoe in October while the next annual meeting will be held at Clarkton, N. C., on the Wednesday and Thursday after the second Sabbath in June. The officers are elected only biennially and those serving now will continue until the next annual meeting. They are as follows:

President—Mrs. Jackson Johnson.

Vice-Presidents—Miss Eliza W. Murphy and Miss Margaret Pierce.

Corresponding Secretary—Miss Annie D. Moore.

Recording Secretary and Treasurer—Miss Mary DeVane.

The session yesterday morning opened with a beautiful memorial service conducted by Mrs. J. A. Brown, of Chadbourn. Suitable memorials were presented for those who have passed away in the foreign field and at home during the past year. The music at this service was a special feature. One of the numbers was a solo beautifully rendered by Miss Howe.

The report of Miss Eliza Murphy, special agent of the Worth Hospital in the Presbytery, showed that about $1,500 of the $4,000 determined to be raised is yet unpledged. Miss Murphy presented the need of further support and her remarks were at once rewarded with two pledges of $50 and $25 with the assurance that others would respond so that the money may be in hand by the end of next March. The fund is being raised for Dr. Geo. C. Worth's new hospital in Klang Yin, China.

"Foreign Missions" was the especial topic for the remainder of the morning hour. Rev. A. D. McClure, D. D., made a brief, but very interesting address. He was followed by Miss Mattie Ingold, a medical missionary to Chainju, Korea, who told of the life, customs, religion, etc., of the Korean people. A number of curios from the country were exhibited to intense interest and delight of her hearers.

At the afternoon session a song and praise service was conducted by Mrs. T. D. Johnson, of Burgaw. A report upon the Elizabeth MacRae Scholarship was made by Mrs. B. F. Hall. Next followed reports from Home Mission societies and a stirring address by Rev. R. Murphy Williams, Presbyterial evangelist and agent for the Presbyterial schools. Rev. Mr. Williams' theme was Home Missions and his review of the work already accomplished and that being done was very encouraging indeed. A consecration service conducted by Mrs. Jno. M. Falson and a brief business session brought the meetings of the Union to a close.

The Committee on Resolutions thanked the people of Wilmington for their hospitality in entertaining the visitors and thanks were extended the press of the city for its "kindly interest and generous notices of the work of the Union."

THE BICYCLE RACES.

Interesting Event for Fourth of July—The Prizes.

Much interest centers in the bicycle races to be held on the Fourth of July. The prize-list aggregates about $75 in value. In addition to the list of prizes announced recently, several more have been added. These are a fine umbrella by Fore & Blomme, an expensive cap by Mr. Hamme, a necktie by J. Curran and a fine mounted comb by C. W. Polvogt. This makes a list of eighteen prizes which will be divided between the boys and men in their respective races. The course will be carefully measured soon and training can be begun at once by all who intend entering. The distance for men will be five miles and that for boys three miles. The road is in fine condition, and the distance should be covered in very fast time. The course is on the Castle Haynes road, and the finish will be at Fifth and Grace streets. Mr. C. F. Duffy will train the boys and he is ready to begin as soon as they are. He will make no charge for this work, but does it as a matter of interest in the younger riders. He will be glad to meet any of the boys of the city who intend entering the race and make dates with them for work. This is a splendid opportunity and doubtless will be accepted by a large number. The entry lists are now open and any who wish to do so should call at the Y. M. C. A. office and fill it out and begin to train at once. The entry fee is $1 for men and 50 cents for boys.

TRUCK TEST FARM.

To Editor of Star:

Thank you for defending the climate and soil of Wilmington as being in every way suitable for the location for the Test Farm. There seems to be an error on the part of some one re the clay sub-soil, necessary to successful farming, with economy, in this section. We have 200 acres of it (it is not offered for sale to the test farm), but simply to fall in line and emphasize the fact that this section has for the most part a clay sub-soil; and if this was the only thing against the farm being located on Mr. Garrell's place, we think further examination will and the clay there, and the mistake should be rectified as the question is re-opened.

WILMINGTON, N. C.

Friday Morning, June 16.

GREAT EDUCATIONAL WORK AT HOME.

The ducational Record is a new and valuable periodical which comes to the Star sanctinm this week. The copy received is the first number, and we note that it is published in Wilmington under the auspices of Wilmington Presbytery. It is an eight page quarto with broad columns and is handsomely printed on book paper, presenting a typographical appearance that is quite attractive.

The Educational Record has for its mission what its name indicates, but the leading articie signed by the Rev. R. Murphy Williams, of Wallace, more spefically states the object for which the new paper is launched. Mr. Williams says in part:

"The purpose of this paper is to convey to the people of this section of North Carolina a more definite knowledge of the three educational institutions owned and controlled by Wilmington Presbytery; namely, The James Sprunt Institute at Kenansville, The Clarkton Military Institute at Clarkton, and The Faison Male Academy at Faison; to show the excellent advantages that these institutions offer to their patrons, and to create a greater zeal among our people for this most important work for the church as well as the State.

"Wilmington Presbytery a few years ago, seeing the opportunity and the crying need for educational work in this section of the State, being urged by the fact that this section is naturally one of the best sections of North Carolina, and is being very rapidly developed and populated; and being fully aware of the fact that there were but few schools and none with adequate equipment, or that gave a thorough Biblical instruction, saw the necessity of establishing a system of schools to meet the required needs.

"Each of these schools is controlled and managed by a Board of Trustees appointed by the Presbytery."

The three educational institutions embraced in this magnificent work of Wilmington Presbytery are the James Sprunt Institute for girls, and the Clarkton and Faison Academies for boys. They have passed beyond the experimental stage and we can speak knowingly of the thoroughness and excellence of the training—educational and moral—which they are giving at most capable hands. There are marked intellectual characteristics about these presbyterial schools, but the best of it is the basic method of laying the foundation of education in moral and Christian training, thus educating the heart as well as developing the intellect. Character building and brain expansion go hand in hand in these schools and it requires no prophetic vision to see the pupils from such institutions taking their places in the walks of life as superior women and sturdy men.

This educational work of Wilmington Presbytery was a large undertaking but its success is emphasized by the three excellent schools which have been reared under its fostering care. The presbyterial promotion of these institutions has been marked with deep earnestness and well applied ability, and the master minds and active efforts of those engaged in it have inaugurated a work of far reaching influence and lasting benefit in eastern Carolina.

Not the least effective in promoting this superior training for the girls and boys will be The Educatiohal Record, and, therefore, the Star wishes it mighty well in its noble aims. The first number gives evidence of well directed ability in carrying forward the Record's mission for the contributing writers set forth the work in strong, meritorious and entertaining articles. The Rev. R. Murphy Williams tells us "What Has Been Accomplished," the Rev. J. M. Wells, Ph. D., writes of "Secondary Education;" the Rev. W. P. M. Currie contributes an article on "Preparation for College;" the Rev. D. P. McMcGeachy presents "The Right of the Church to Educate;" Miss Mary Faison DeVane has an article on "An Educated Christian Motherhood;" Prof. W. M. Dunn acquaints us with "The Advantages of the Clarkton Military Institute;" the Rev. Peter McIntyre sets forth the claims of "Faison Male Academy;" James O. Carr, Esq., writes of "Kenansville and Some of its History;" and Miss Margaret Hill Pierce holds up the "Advantages Offered by the James Sprunt Institute."

All three schools have faculties composed of teachers of experience and ripe scholarship, and with the efforts of the Presbytery effectively aided by The Educational Record, the instituions are bound to go forward in their career of incalculable usefulness.

ANOTHER RACE PROBLEM.

Our minister at Pekin thinks the trouble with China for boycotting American manufactures can be satisfactorily adjusted. President Roosevelt will do all he can to relieve the situation, so that our large trade with China may not be imperilled.

China objects to the rigorous manner in which the Chinese exclusion law of this country is enforced. Our customs officials not only keep out cooley labor but Chinese merchants, business men, literary men and other classes of travelers and visitors from China are also turned down. It is this which the Chinese resent, and for which they propose to have as little to do with us commercially as possible.

The Chinese exclusion problem to our mind is quite a knotty one and will not be so easily settled, except by Congress. It is given out from Washington that already opposition to relaxation of exclusion statutes comes from the Pacific coast, where it is claimed that letting down the bars will mean another race problem. Not only is a large element hostile to any change, but they are preparing to insist that the Japanese shall likewise be debarred. These conflicting interests tend to show the difficulties with which this government is beset.

The Washington correspondent of the Raleigh Post, says:

"There is no attempt to disguise now the almost alarming aspect of the larger question of Chinese exclusion. China has at last been aroused to resentment and is striking back at America. A further report from the orient to-day states that the government at Pekin may issue soon an order prohibiting the purchase of American goods, and requiring citizens of the United States who enter China to be fumigated at the port and pay a tax of $5 per head. United States Minister Rockhill, at Pekin, is striving to appease the Chinese by explaining that the purpose of the exclusion laws is misunderstood by them. The Chinese board of foreign affairs is said to be satisfied with the minister's statement, but the populace are aroused and demand retaliatory measures."

CURRENT COMMENT.

—Was there ever a war before in which a world-power fought for more than a year and a quarter with an unbroken record of defeat?—Boston Globe.

—An Eastern paper says the English sparrow is a useful bird, as it "eats mosquitoes and other noxious insects," Pish! Also tush, gammon, and go to!—Chicago Tribune.

—The President is quoted with having expressed satisfaction with the speeches of both Secretary Morgan and Secretary Taft on the railway question. He evidently believes in a double-track system. — Washington Post.

—Mr. Morgan may pay $81,375 for a drinking cup, but he'll never get as much satisfaction in drinking out of it as the man does who buries his nose in the pitcher the bellboy brings him "the morning after." — Washington Post.

—Sweeden is bigger than Norway, but Oscar Bernadotte is a different sort from Nicholas of Russia. "Go and hang yourself, with my blessing," he says in effect to the seceding sister, "but no war for me, if the courts knows itself, and it thinks it does."—Macon Telegraph.

—Tom Johnson is credited with having the good sense to abandon the plan for a municipal ownership plank in the Ohio Democratic platform. Some others of his favorite theroies have gone by the board recently, and unless he decides on a new line of thought he may find himself without an issue.—Pittsburg Dispatch.

—Some of the closest friends of President Roosevelt confess to the fear that Mr. Bonaparte will not have just the right influence upon the President. He is regarded as too much disposed to strong judgments, which may not always prove workable. It was hoped that the vacancy in the cabinet which Mr. Morton is to leave would be filled by some one better calculated to sit upon the coat-tails of the chief executive.—Springfield Republican.

—"Secretary of the Treasury Leslie M. Shaw spent Saturday in Greensboro, and he was surprised at the thrift of that North Carolina city. Many people, even in North Carolina, would be astonished at the evidences of industry, prosperity and growth in Greensboro and other central Carolina cities." —Wilmington Star. If the North Carolinian would wake up to the fact that we have the best State in the Union we would accomplish something.—Raleigh Times.

—The Mebane Furniture Company, a North Carolina concern, has just been awarded the contract by the Panama Canal Commission for supplying all the furniture for the officers' quarters and the barracks for the employees engaged in directing and constructing the canal. This contract was awarded after considering competitive bids from forty-eight other factories. Good for North Carolina! and what the Mebane Furniture Company has done it might have been practicable for one of the furniture factories in South Carolina to have done if this branch of our manufacturing business had been properly developed.—Charleston News and Courier.

TWINKLINGS.

"I notice," said the determined young woman, "that you don't care to sit alone in the parlor here with me any more." Oh! I don't know," replied the lover, who was growing cold, "why?" "Well, I just want to remark that you'll either have your courting in here or your hearing in court."—Philadelphia Press.

—Rufus Choat once tried to get a Boston witness to give his idea of absentmindedness. "Well," said the witness who was a typical New England Yankee, "I should say that a man who thought he'd left his watch to hum, and took it out'n his pocket to see if he'd time to go hum and get it, was a leetle absentminded."—New York Tribune.

—Mr. Timmid—I was introduced to Miss Pechis last evening. Mr. Peppry—Yes, I saw you. What was the matter with you? You didn't talk at all. Mr. Timmid—No. I was kind of bashful. I guess she doesn't think much of me. Mr. Peppery—O! I don't know. She told me afterwards that she was very fond of dumb animals.—Philadelphia Press.

COTTON MARKETS.

New York, June 15.—The cotton market was very active and after some early irregularity ruled firm and excited with prices on new crop months crowding the nine cent mark. The opening was easy at a decline of 5 to 10 points in response to lower cables than expected and the generally favorable weather reported by the early map. But there was a continued demand from the big buyers of yesterday and the market promptly rallied. During the balance of the session there was considerable excitement, with prices working up to new high levels on continued bull support and active covering. The close was a point or two off from the best under realizing but firm at a net advance of 22 to 28 points. The buying seemed based on the continued strength of Southern spot markets with private wires reporting June spot shorts good buyers at the advance, and in the afternoon general confusion was increased by a statement from the bear leader's predicting a whirlwind advance in prices. Sales estimated 650,000 bales. Liverpool will be closed on tomorrow and Saturday.

HIGH GRADE CIGARS

are found oftener in advertisements than in show cases—you'll find the La Morna high grade in both particulars. It's easy to say this; but it's easier to prove by simply smoking one of the size, shape and color you prefer. Puffing one will pull for a box order, and buying that way will save you money. 5 cents gets you one; $2.00 a box of 50. So many critical smokers endorse the La Morna that you should join the procession.

SPIRITS TURPENTINE.

—Rev. J. J. Douglass, of Dunn, has accepted a call to become pastor of the Baptist church at Newbern.

—Newbern is to have a hospital. Mr. J. W. Stewart makes it possible by generously providing a building.

Mr. J. W. Peacock, agey 60, died in Elm City on Monday. He was a good citizen and highly esteemed.

—State Senator J. C. Ellington was buried at Raleigh on Wednesday.

—The North Carolina Teachers' Assembly met in Greensboro Wednesday and by 7 o'clock 700 teachers and county school superintendents had registered. The Assembly met at 10 A. M. in the Grand Opera House, and there was a fine audience out to hear the addresses of Prof. Webb, of Tennessee, and Dr. Hughes, superintendent of the public schools of Toronto, Canada.

—Greensboro Record: The Gattis-Kilgo suit had not got started in Raleigh yesterday before a stink was unearthed. They were getting a jury and in asking each man what he knew about the case, to ascertain his qualifications, one man said he did not know anything about it except that a Raleigh man had told him he wanted him to "serve and help out Kilgo." bring in another horse! The sedate and dignified Mr. James H. Pou appears in behalf of Dr. Kilgo, and he can be depended on to find the horse. He'll strike some fellow who has been approached by old man Gattis' friends. Jimmy never gets left—if he can help it.

—A Greensboro special to the Raleigh News and Observer, Wednesday says: The board of directors of the Industrial News, the Republican paper promoted by Rollins and Butler, are in session here conferring over necessary mechanical, editorial and reportorial equipment. No definite decision had been reached at 11 o'clock. Chairman Rollins arrived on the noon train. When Marion Butler came in at night he was effusively welcomed by Rollins and Secretary R. D. Douglas. Among the directors in conference besides Rollins, Douglas, Butler and others, is ex-Judge S. B. Adams. Blackburn is out of town, having left suddenly for Charlotte this afternoon.

Raleigh News and Observer: At the commencement of the University of Virginia this week the Board of Visitors established a new department to be known as the Curry Memorial School of Education and Prof. William Henry Heck was elected to fill a chair in the school at a salary of $2,500. Mr. Heck is a native of Raleigh, a son of the late Col. J. M. Heck, long a leading citizen. Mr. Heck graduated at Wake Forest College and at Columbia College and has lately been connected for several years with the General Education Board. He is a young man of high character and high scholarship, and will be a valuable addition to the faculty of that great university now presided over by the gifted Alderman.

—The State Building and Loan League which had been in session in Charlotte since Tuesday, adjourned Wednesday morning. The members listened with much interest to the annual address of President Wittkowsky which dealt in an interesting manner with the growth of building and loan associations and what they have accomplished for Charlotte. Among other things Mr. Wittkowsky said: "We have in this city subscribed shares in force to date 25,000, of the par value of $100 per share, making $250,000. Based on Charlotte's population of 25,000 we have the gratifying and amazingly significant fact of $100 subscribed for every inhabitant, as against $1.40 by the State at large, and Charlotte has paid in on shares 40 per cent. of the amount paid in by the whole State."

—Raleigh News and Observer, June 15: A guard knocked down, a dash for liberty, a shot and a fall to the ground, another dash, and George Ellsworth, a white convict was out in the woods free. This occurred yesterday morning, and the escape shows that Ellsworth risked his life for a taste of freedom. He was with the convict squad at the clay pit some four moles from Raleigh on the Mills Road, near McCullers, being there with the men getting out clay for the brick yard at the State prison. W. L. Patterson, a guard, was standing on the edge of a clay pit, this having water in it. The convict Ellsworth had just brought a bucket of water, and as Patterson was about to take a drink from it Ellsworth pushed him over into the pit. Patterson had his gun, but another a Winchester, was near at hand on a box. Seizing this the convict started his flight. Patterson was quick in action. Out of the pit he fired at the runaway, missed once, but got him on the second shot. The man was wounded and fell, but was up again, and again Patterson shot, but the man went on into the woods while guards Lockhart and Hindon also fired, six shots being fired in all. The convict had the Winchester, was desperate, and the guards did not keep up the pursuit, fearing death. George Ellsworth is a white man about 38 years old, 5 feet 10 1-2 inches high, weighing 170 or 175 pounds, having brown eyes, black hair and black mustache, with scar on top of head; sentenced from Anson county in September, 1901, for ten years for breaking and entering store.

Huge Task.

It was a hugh task, to undertake the cure of such a bad case of kidney disease, as that of C. F. Collier, of Cherokee, Ia., but Electric Bitters did it. He writes: "My kidneys were so far gone, I could not sit on a chair without a cushion; and suffered from dreadful backache, headache, and depression. In Electric Bitters, however, I found a cure, and by them was restored to perfect health. I recommend this great tonic medicine to all with weak kidneys, liver or stomach, Guaranteed by R. R. Bellamy, druggist; price 50c. **

No Secret About It.

It is no secret, that for Cuts, Burns, Ulcers, Fever Sores, Sore Eyes, Boils, etc., nothing is so effective as Bucklen's Arnica Salve. "It didn't take long to cure a bad sore I had, and it is all O. K. for sore eyes," writes D. L. Gregory, of Hope, Tex. 25c. at R. R. Bellamy's drug store. **

PELEE SHOWS SIGNS OF LIFE.

Fitful Bursts of Light and Smoke From the Dome.

Fort de France, Island of Martinique, June 12.—For several days Mount Pelee has shown signs of renewed activity which, however, does not seem to be of an alraming nature.

Dense clouds of smoke have been discharged and sharp luminous flashes have been seen at the dome of the volcano. A fairly strong burst of flame was seen June 3rd between 1:40 and 2:10 P. M., when the cinders emitted extended over the village of Le Precheur, which is on the line forming the limit of the territory devastated during the terrible outbreak of May, 1902, (resulting in the loss of about 10,000 lives), and then swept seaward and disappeared.

After this the volcano again became calm and remained so until the night of June 10-11, during which the dome was dotted by numerous luminous points. The collapse of part of the dome occurred at 6 A. M. yesterday. It was companied by an outflow of mud into the White river valley.

CORRUPTION IN ENGLAND.

Army Officers Robbed Government of $35,000,000.

By Cable to The Morning Star.

London, June 14.—A blue book containing the report of the war office committee on commissary scandals was issued to-day. The report censures a number of officers who are alleged to have worked in collusion with contractors. The latter bought stores at absurdly low prices and afterwards re-sold them to the military authorities at enormous profits. The value of the stores involved in these transactions is between $30,000,000 and $35,000,000.

CHAS. BRANTLEY AYCOCK, LL. D.

W. W. ... ...

B. H. Burton, formerly deputy clerk of the Circuit court at Pensacola, Fla., is under arrest for falsifying country records, embezzlement and forgery. The arrest was made at Mr. Burton's home where he had gone, anticipating it. The amount he is alleged to have secured is $5,000. He admits that he committed some of the acts charged. The State Auditor has been in Pensacola nearly a month working on the case.

EVER WATCHFUL

A Yittle Care Will Save Many Wilmington Readers Future Trouble.

Watch the kidney secretions.

See that they have the amber hue of health;

The discharges not excessive or infrequent;

Contain no "brick-dust like" sediment.

Doan's Kidney Pills will do this for you.

They watch the kidneys and cure them when they're sick.

Wilmington testimony proves it.

P. C. LeMoyne, contractor, of 223 North Seventh street, says: "I did not know that the trouble with my back was caused by my kidneys not acting properly, although I noticed the secretions from those organs were dark and very irregular, sometimes free and at other times scanty. I saw Doan's Kidney Pills advertised and went to Bellamy's drug store and got a box. I was surprised at the result, for I have not had backache since I used them."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

THE REAL TEST

Of Herpicide Is In Giving It a Thorough Trial.

There is only one test by which to judge of the efficiency of any article and that is by its ability to do that which it is intended to do. Many hair vigors may look nice and smell nice, but the point is—do they eradicate Dandruff and stop falling hair?

No, they do not, but Herpicide does, because it goes to the root of the evil and kills the germ that attacks the papilla from whence the hair gets its life.

Letters from prominent people everywhere are daily proving that Newbro's Herpicide stands the "test of use."

It is a delightful dressing, clear, pure and free from oil or grease.

Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

Friday Morning, June 16.

WARM WIRELETS.

Grand Duke Alexis, the high admiral, who is an uncle of the Emperor and Admiral Avelian, head of the Russian admiralty department, have resigned. There are hints of a scandal and corruption and incompetency in the management of the navy.

Secretary of State John Hay arrived in New York from Europe last night on the steamer Baltic, much improved in health, but plainly showing that he was far from being a well man. He received a long message from the White House, but refused to discuss affairs in the Far East.

Buying in the New York dry-goods market has not been large, and yet the market is in a fine condition, with a hardening tendency to prices. Prophecies of higher quotations before long are freely made on account of the healthy statistical position of the majority of lines.

A verdict for Abner J. Haydel, an architect to recover $24,183.75 from Howard Could for services in drawing plans for the Gould castle at Port Washington, L. I., was awarded by a jury in the New York State Supreme Court at Minola, L. I., yesterday. Haydel had sued for $60,000.

In order to prevent any possible violence, the governor of Alabama yesterday ordered that a troop of cavalry accompany from Birmingham to Decatur the three negroes, Will Jackson, John Collier and Harvey Smith, who are to be hanged at the latter place to-day. Jackson was convicted of the killing of Officer E. S. Steele; Collier and Smith assaulted and killed Miss Belle Bloodworth.

The findings of the secret service agents who are investigating the charges of irregularities in the preparation and publication of the recently issued government cotton report, will be published in full by Secretary Wilson of the Agricultural Department, as soon as placed in his hands. He has not limited the secret service agents in their examination and probably several days will elapse before they complete their work.

William Butler Woodbridge, of Boston, second vice-president of the Columbian National Life Insurance Company was killed in an automobile accident in Saugus, New Lynn, Mass., early yesterday, and S. Herbert Wolf, of, of New York, an actuary, was seriously injured. The others, A. E. Childs and W. E. Tensler were shaken up, but not seriously hurt. The accident was caused by the party mistaking a road in the darkness, and running into a barbed wire fence.

SECRETARY TAFT WAS ORATOR.

Spoke at Miami University Concerning South, etc.

By Wire to The Morning Star.

Oxford, O., June 15.—The feature of the eighty-first commencement of Miami University here today, was the address of Secretary of War William H. Taft. It was delivered in the commencement tent erected on the campus among the forest trees.

In opening his speech Secretary Taft touched on the racial question in the South and in this connection, said:

"Another encouraging feature of the present increase of wealth is that a large proportion of increase has been in the South, a part of our country which heretofore has been largely agricultural and poor. The change in the material conditions in the South, in spite of the political difficulties that certainly are there, is creating a better state of things with reference to the racial question. The work of Booker Washington in teaching his people how to use tools instead of giving a superficial university education which they cannot use, added to the industriall demand for skilled labor, will, I am certain, put the negro population in a better condition materially and when that is brought about their spiritual and intellectual uplifting is much easier. The Southern States are engaged in adopting constitutions which seem intended to exclude the negro from the ballot in fact without infringing the 15th amendment so palpably as to lead to their annulment by the Supreme Court. I am hoping earnestly that experiments of this sort will fail but if they will lead to a result in which the laws shall exclude ignorant whites and blacks equally from the ballot then on one can quarrel with the procedure which will be square and honest."

Mr. Taft urged more just and concourteous treatment of Chinese merchants and students coming to this country, discussed maladministration of justice in the failure to convict homicidal criminals and advocated uniform divorce laws. In discussing what he pointed out were the inadequate salaries paid government officials, the Secretary asked the question whether it is not the irony of inconsistency, that we who are engaged in praising the purity and the simplicity of democracy, should adopt a policy by which only millionaires can govern us?

KING EDWARD'S NIECE WEDS.

Led to Altar Yesterday by Prince Gustavus Adolphus.

By Cable to The Morning Star.

Windsor, England, June 15.—Windsor, the scene of many historic events, particularly during the reign of the late Queen Victoria, was in holiday attire yesterday for the wedding of Princess Margaret of Connaught, eldest daughter of the Duke of Connaught, to Prince Gustavus Adolphus, eldest son of Crown Prince Gustavus of Sweden. The scene in St. George Chapel, which was not decorated with the exception of scattered flowers, was exceedingly brilliant. Shortly after the guests were seated the bridegroom made his appearance accompanied by his supporters, Princes Eugene and William, of Sweden, with the gentlemen in attendance. The briegroom was followed by the royal party including King Edawrd, Queen Alexandra, the Prince of Wales and others, all accompanied by brilliant suites. As Elgar's imperial march was played on the organ, the bride on the arm of her father passed from the castle to the chapel. The bridal party passed up the aisle preceeded the choir, singing "When the God of Old," to the chancel, where a quarter of a century ago the bride's mother and father went through the same ceremony. The archbishop of Canterbury assisted by the bishop of Oxford and others read the simple service of the church of England.

The wedding dress was a cloud of pure white Irish lace, posed over white satin and strewn with garlands of orange blossoms and myrtles. The corsage was cut low and there was the regulation court train. The bride carried a simple bouquet consisting of a sheath of madonna lilies tied with white satin, the effect being both simple and natural.

After the ceremony the members of the royal families returned to the castle where luncheon was served. The bride and bridegroom left Windsor for Cheshire. They will spend the first part of the honeymoon at Saighton Grange, the seat of Countess Grosvenor, afterwards proceeding to Ireland.

PEACE PARLEY IN WASHINGTON

Our National Capital Agreed Upon by Both Japan and Russia

PEACE PROTOCOL MEANTIME

After the Portocol Will Come an Armistice and Then Negotiations for Treaty Ending War—The Situation.

By Wire to The Morning Star.

Washington, June 15.—America's national capital has been selected as the seat of negotiations between the plenipotentiaries of Russia and Japan for a treaty of peace. The choice of Washington as the location of the peace conference marks another forward step in the negotiations toward ultimate peace in the Far East, instituted by President Roosevelt. Official announcement of the selection of Washington was made at the White House as follows:

"When the two governments were unable to agree upon either Chefoo or Paris, the President suggested The Hague, but both governments have now requested that Washington be chosen as the place of meeting, and the President has accordingly formally notified both governments that Washington will be so selected."

This statement was supplemented shortly afterward by a semi-official announcement that "after meeting and organizing the plenipotentiaries of the two governments, if it should be found to be uncomfortably hot in Washington, may adjourn the meeting to some summer resort in the North and there continue the sittings until such time as the weather in Washington shall be more comfortable."

Now that some of the details of the negotiations which have been pending for more than two weeks, are known, the selection of Washington is regarded as the only logical solution of the problem presented to the belligerent governments. After the acceptance by Russia and Japan of President Roosevelt's proposition that they consent to consider the question of peace, Russia indicated Paris as the most desirable place for the meeting to negotiate a treaty, and Japan indicated Chefoo. There the subject rested for forty-eight hours. Finally, Japan declined to consider Paris, for obvious reasons and Russia objected to the holding of the conference in any oriental city. Washington then was suggested as a place at which the belligerents could meet on common ground, undisturbed by either political or personal influences. As a means of facilitating the negotiations, the President suggested that the conference to be held at The Hague, the seat of the international arbitration tribunal, and the location of the first general arbitration conference called at the instance of Emperor Nicholas, of Russia. He indicated that for both practical and sentimental reasons, The Hague would be a most desirable place of meeting for the plenipotentiaries.

Further consideration of the subject developed the practically unalterable objection of Japan to any European capital as a seat for the conference. She objected particularly to The Hague, believing that it was too far within the sphere of Russian influence; and for a similar reason she declined favorably to consider Geneva. Until to-day, however, Japan's irreconcilable opposition to the selection of any European capital was not known definitely. At a conference with Gogoro Takahira, the Japanese minister, had with President Roosevelt to-day he conveyed to the President the Japanese government's final refusal to consent to the holding of the conference in Europe.

The refusal of Japan to agree to the holding of the conference in Europe was communicated by President Roosevelt to the Russian ambassador, and likewise cabled to St. Petersburg. While the President did not act in the capacity of arbiter between Russia and Japan, he was in position, after the conference with Minister Takahira and his communication to Ambassador Cassini, to formally announce the selection of Washington as the seat of the conference. Ambassador Cassini called at the White House this afternoon. The President explained to him the nature of his interview with Minister Takahira, and conveyed the personal assurance that the American government would do all in its power, which it properly might do, to afford the plenipotentiaries of the two governments comfortable and convenient facilities for the transaction of their supremely important duties. In view of the selection of the seat of the conference, it is expected that within a few days at most, Russia and Japan will announce formally the names of their respective plenipotentiaries.

It is deemed likely also, that, co-incidentally with the announcement of the plenipotentiaries an agreement will be reached as to the time of holding the conference. In view of the distance, especially from Japan, it seems probable that the negotiators will not meet before the middle of August on first of September.

Prior to the formal assembling of the conference, it is probable if precedent be followed, that a peace protocol will be negotiated. The making of the protocol will take place before the declaration of a formal armistice. The negotiations regarding it probably will be conducted in Washington, and it is regarded as likely that the respective diplomatic representatives of the belligerents here will sign the document on behalf of their governments.

It is not expected that the selection of Washington will interfere materially with the Summer plans of the President. While no definite arrangements yet have been made, it is regarded as quite likely that he will return to Washington from Oyster Bay to receive the plenipotentiaries of the two governments when they assemble for the conference. Officially, this government will have little to do with the negotiations between the representatives of the two powers. The United State will provide a place for their meeting and furnish them with such material facilities as may be necessary for their comfort and convenience, but their deliberations will be quite uninfluenced by this government. After receiving the plenipotentiaries formally, it is probable the President will return to Oyster Bay.

Pressure is being brought to bear upon Japan to induce her to fix the sum which she will demand as an indemnity for the pending war at as low a figure in cash as is possible in the circumstances. The pressure is being exerted especially by European governments, but President Roosevelt, it is intimated in an important quarter, also has advised the Japanese government that moderation in her demand for a cash indemnity not only would facilitate the negotiation of peace terms, but would be regarded by the powers with particular favor. The payment by Russia of any such cash indemnity as a billion dollars, not only would embarrass seriously the St. Petersburg government, but probably would disturb the finances of the entire western world.

During the past ten days, President Roosevelt has had conferences with Baron Kaneko, the Japanese financial agent in the United States, which, there is reason to believe, have concerned the subject of Japan's cash demands upon Russia.

It is well understood that the Japanese government will not make known prior to the assembling of the plenipotentiaries the terms on which she will be willing to conclude peace. The Japanese Emperor is known to desire that, when peace is concluded, it shall be coupled with reasonable assurance of its premanency. Among well informed diplomatists, it is deemed probably that Japan's terms, once they are stated, will be regarded by the world as reasonable and likely to be acceptable to Russia.

New York, June 15.—Grover Cleveland, Justice Morgan J. O'Brien of the State Supreme court, and George Westinghouse, of Pittsburg, trustees of the Equitable Life Assurance stock, formerly owned by James H. Hyde, met at the Hotel Buckingham in this city today. At the afternoon session after a conference with Elihu Root and Paul Cravath, Thomas F. Ryan was sent for and a trust agreement was executed. Mr. Cleveland was elected chairman and George F. Parker, secretary. At the conclusion of the meeting tonight the trust agreement with a letter from Mr. Ryan to the trustees and an appeal from Mr. Cleveland to the policy-holders were made public.

Mr. Ryan's letter announces his individual ownership of the stock and addressing the trustees, says:

"I am sole owner of the 502 shares of the stock of the Equitable Society which I purchased from Mr. Hyde and no other person or interest has contributed or has the right to contribute a single dollar towards the purchase of the stock. The policy-holders with wohm I conferred in making the purchase have had no connection with the management of the Equitable Society and their connection with the transaction was entirely advisory. I am under no obligation to any living man with respect to my action as the owner of this stock. The amount which I paid for the 502 shares of stock purchased from Mr. Hyde is $2,500,000."

The appeal of Mr. Cleveland to the policyholders is dated in advance and will be mailed to the 600,000 holders of Equitable Insurance. The letter calls upon all policyholders to express their wishes as to the eslection of directors by sending to the office of the Equitable by November 1 a written designation of the policyholders they desire to have elected as directors.

The agreement between Mr. Ryan and the trustees practically outlined the authority of the trustees in voting the stock and gives them full control over the 502 shares they represent. The agreement recites that whereas the directors have adopted a plan for the mutualization of the society by amending the society's charter, that, of the fifty-two directors of the society, twenty-eight should be elected by the policyholders and twenty-four by the stockholders. Mr. Ryan agrees that the existing certificates for the 502 shares of stock shall be cancelled, and certificates therefor shall be issued to the trustees according to the terms of the agreement.

"The document stipulates that the trustees 'are exclusively authorized to exercise the voting power on the stock held under the agreement for the election of directors of the society, so vote on said stock that out of every thirteen persons for whom such vote shall be cast seven shall be policyholders of the society, selected in accordance with the wishes of the policyholders of the society, selected in accordance with the wishes of the policyholders of the society."

SOUTHPORT RAILWAY CO.

Big Mortgage Filed at Fayetteville Yesterday.

The following interesting item is taken from yesterday afternoon's Fayetteville Observer:

"Mr. John A. Mills, president of the Raleigh and Southport Railway Company, was in the city to-day, and placed with the Register of Deeds to be recorded, a mortgage deed, in favor of the Knickerbocker Trust Company of New York, conveying a lien, etc., of the Raleigh and Southport Railway Company, to guarantee a two million dollar bond issue.

"The deed is a very lengthy one, covering fifty or more pages of closely typewritten matter of the usual form in such deeds.

"The deed covers all property, of whatsoever nature now owned or to be acquired by the Railway Company, and franchises, and sets forth the territory it runs through as 'the counties of Wake, Harnett and Cumberland, and from Fayetteville through the counties of Cumberland, Bladen, Columbus and Brunswick. Also line or lines of railway, constructed or acquired, running through the counties of Wake, Johnston, Wayne Lenoir, Jones, Carteret, Harnett, Sampson, Duplin, Onslow, Cumberland, Bladen, Pender, Scotland, Robeson, Columbus, Brunswick and New Hanover.'"

SONS OF VETERANS DEAD.

Lack of Interest Leaves Organization in Bad Shape.

By Wire to The Morning Star.

Louisville, June 15.—The United Sons of Confederate Veterans to-day elected officers.

A majority of the camps of the organization are in arrears for dues and the question of their suspension was called up, but no action was taken.

Alarm is felt by the officers over the lack of interest in the organization. Not a committee even sent in a report to-day at the annual meeting. Few Sons of Confederate Veterans were present and the opinion was expressed by Commander-in-Chief N. R. Tisdal, that the organization failed to do its duty. He said he had written five hundred letters and received one; that one letter promised something, but no results had come. W. L. Williams, of Macon, Ga., said the Sons of Veterans, as an organization was nearly dead.

Colonel Bennett H. Young aroused considerable enthusiasm by the statement that Kentucky has 38 Confederate monuments and not a single Federal monument. "Thos shows the difference in the spirit of the two factions," said Colonel Young vehemently, and the crowd cheered.

WRECK ON THE SOUTHERN.

One Man Killed and Engineer Badly Scalded.

By Wire to The Morning Star.

Charlotte, N. C., June 15.—Southern Railway passenger train No. 40, northbound, was wrecked one mile north of King's Mountain to-night. Engineer Charles Cauble, of Greenville, S. C., was badly scalded, but will recover. The negro fireman, Bob Witherspoon, of Greenville, cannot be found, and is probably under the engine. No others are thought to be seriously injuder. The engine, mail and baggage cars left the track.

OLD SOLDIERS' REUNION OVER

The Confederate Veterans Will Meet Next Summer in New Orleans

MONUMENT TO JEFF DAVIS

Announcement Made That It Will Be Unveiled at Richmond, June 3, 1907—Battle Abbey Fund $206,000.

By Wire to The Morning Star.

Louisville, June 15.—The United Confederate Veterans to-day re-elected their old officers as follows:

Commander-in-Chief — Lieutenant-General Stephen D. Lee, Mississippi.

Commander Trans-Mississippi Department — General L. W. Cabell, Texas.

Commander Army of Tennessee Department — Lieutenant-General Clemant A. Evans, Georgia.

Commander Army of North Virginia Department—Irving Walker, South Carolina.

New Orleans had little difficulty in securing the convention for 1906. Nashville made a fight which surprised the convention, but the sentiment was strongly in favor of the Crescent City.

Fraternal greetings were read from the State Encampment of G. A. R., of Indiana, in session at Madison. The greetings were only moderately cheered and one delegate on the platform, with the remark that "there is getting to be too much of this fraternizing," took his hat and departed.

Other interesting reports submitted during the day were those of the history committee and the Battle Abbey committee.

The spectacular feature of the reunion—the parade of the remnants of the South's once great army—will take place to-morrow, and it is expected that the number of men in line will exceed that of any recent reunion. The line of march will cover a distance of nearly three miles.

The Morning Session.

The first business of the convention today after the invocation which was by Rev. James P. Smith, of Richmond, Va., one of the two surviving staff officers of Stonewall Jackson, was the reading of the report of credentials. As there were no contests this business was quickly disposed of. There was considerable confusion among the delegates and General Lee took the veterans sharply to task for delaying the business of the convention. Business was about to be resumed when the arrival of a drum corps with fifes playing "Dixie" set the veterans wild. Quiet was restored, but only momentarily, as the drum corps marched out and a few minutes later re-appeared, escorting a group of sponsors to the platform.

The report of the history committee was then submitted by General Evans, of Georgia, its chairman. The object of the committee is to secure accurate history which is to be incorporated in the text books in Southern schools. The report says in part:

"During the first two decades after the surrender an effort was evidently made to cast the general record of the Southern States into an opprobrious shadow and also to infect the minds of the youths of the country with the opinion that there was nothing noble, nothing true, nothing good in the Confederate cause. The attempted perversions of history were resented but the South was without facilities for reaching, by any kind of literature, the masses of their countrymen of the Northern States to correct the errors into which they were led.

"'Therefore unfair history and other pernicious publications gained entrance into the schools and homes of nearly every section, North and South, and a disastrous inflamation of the sectional spirit was the result. The protest of Confederate associations caused investigations which resulted in the discovery that the South was permitting its sons and daughters to be taught that the gross charges against the Southern people, of rebellion, treason and war, atrocities and the like were historical facts. This discovery was followed by appeals to boards of education and other civil authorities, to Southern self-respect and to honorable publishers with a result that the most offensive of the false histories have been driven from South ern schools.

"Since co-operation among those who desire impartial history which will inspire all citizens of our country with similar patriotic spirit is a consummation most earnestly sought for by this association, especially is this desirable in all histories of that strife which was the greatest American war. May not the story of that struggle be told with fairness to both sections? On the part of the South, there is nothing to fear from truthful history. We ask for historical generosity and will give as much without stint."

The report recommends that each State establish a department of archives and history. The reading of the report caused great enthusiasm. An amendment by Davenport, of Americus, Ga., a member of the committt, that the future histories show that Jefferson Davis was cruelly treated and unnecessarily shackled was accepted and the report adopted.

A call of the resolutions committee developed the presence of a Federal officer on that important body. His name is Colonel S. C. Russell, and he is accredited to the Indian Territory. Comrade B. B. Paddock, of Fort Worth, declined to sit in the same room with Colonel Russell and in response to a chorus of "Take him off," "Take him off," General Lee substituted the name of Captain J. J. Kendall, of the Indian Territory.

General Lee, however, took occasion to pay a compliment to Colonel Russell, and said he had some time ago written a splendid tribute to the Southern Soldier.

A telegram from the Grand Army Post at Madison, Ind., was read and received a moderate cheer.

The report of the Battle Abbey Committee, of which General Evans is chairman, was read. It shows that the committee now has in subscription and money, including the Charles Broadway Bouss subscription, $206,000, subject to a claim in suit for $16,000 by John C. Underwood for commissions, and in which an appeal has been made. Trustees will attempt to raise a further fund of $50,000. The Battle Abbey will be built in Richmond, Va.

The report of the Jefferson Davis Monument Association, of the United Daughters of the Confederacy, showed that the committee now has in bank for the purpose of erecting the monument, $69,000, and that the contract has been signed for unveiling of the work in Richmond on June 3, 1907. The report was unanimously adopted. It is hoped to make the unveiling ceremonies a part of the reunion of 1907. General Lee instructed General Lowry, of Mississippi, to draw up a resolution of thanks to the ladies of the monument association on the completion of the Davis monument. "Make it strong," yelled Comrade Jim Crow, of Sheffield, Ala., and it was so ordered.

The business of the convention was suspended this afternoon, and the annual memorial service held. The opening prayer was delivered by Rev. Dr. Carter Helm Jones, of Louisville, and Rev. Lansing Burrows, of Nashville. The benediction was pronounced by Chapisin-General William Jones.

Afternoon Session.

At the opening of the afternoon session, General Lee introduced Captain N. E. Harris, of Macon, Ga., who delivered the annual address to the veterans. Captain Harris spoke for more than two hours and held the attention of his audience throughout.

General Lee had barely announced that the order of business was the selection of a place of meeting for next year when from every part of the hall came shouts of "New Orleans." Order was restored long enough to permit General A. B. Booth, commander of the Louisiana division, to extend the official invitation of the city of New Orleans and the State of Louisiana.

General George W. Gordon, commander of the Tennessee division, extended the invitation of Nashville, in behalf of two and a half million people of the State and of various organizations of Nashville. G. W. Baskette, editor of The Nashville Banner, was introduced and gracefully seconded the invitation.

The check to the enthusiasm for New Orleans was but temporary, and on a rising vote the Crescent City was decided upon. The selection was made unanimous.

General George P. Harrison, of Alabama, chairman of a committee appointed to confer with committees from other Confederate organizations, read a report recommending that the words of the famous song "Dixie" be not changed as the sentiment of the old boys in gray was decidedly against it. It was adopted.

The report of the committee on resolutions was read by former Governor Fleming, of Florida. The report endorsed the effort to bring about peace between the foreign nations of the Far East, and expressed the hope that "Before the full noonday of this twentieth century, universal peace shall be proclaimed, and that all the nations of the earth shall have 'beaten their swords into plow shares, the spears into prunning hooks, and nations shall learn war no more.'"

Major E. W. Anderson, first lieutenant commander of Charles Broadway Rouss Camp, No. 1,191, of Washington, D. C., offered the following resolution and the committee incorporated it in its report:

"Whereas, the bill before Congress for the care of the graves of Confederate soldiers buried near hospitals and prisons in the North has so far failed of passage by that body,

"Be it Resolved, That this Association of U. C. V., in convention assembled, urges the passage of this bill—as a matter of right and duty, not only on the part of the Senators and Representatives in Congress from Southern States, but also on the part of those from all other States, in that the government is charged with the sepulchre of those who died prisoners in its hands, according to the usages of civilization, of which the United States forms a large and competent part."

This section of the report caused considerable discussion, but was finally adopted. The report recommended the creation of the office of vice commander-in-chief, but after much discussion, this feature was defeated. The remainder of the report was adopted.

The election of officers was then taken up, and the present officers were quicky re-elected. It was just 6:30 o'clock when General Lee declared the reunion of 1905 adjourned sine die.

Confederate Surgeons.

Louisville, June 15.—The Association of Medical Officers of the Army and Navy of the Confederacy to-day elected the following officers:

President—Dr. Charles H. Todd, of Owensboro, Ky.

First Vice-President—Dr. C. A. Brock, of Virginia.

Second Vice-President—Dr. J. M. Frye, of Texas.

Third Vice-President—Dr. J. C. Steger, of Gurley, Ala.

Secretary and Treasurer—Dr. J. E. Deering Roberts, of Nashville, Tenn.

Dr. C. H. Tebault, of New Orleans, surgeon-general of the Confederacy, read a paper on the "Treatment of President Jefferson Davis as a Federal prisoner." Dr. Tebault criticised General Nelson A. Miles severely for his treatment of President Davis, and described at length what he termed, "the inhuman act of placing manacles" on the President of the Confederacy.

The Memorial Association.

Louisville, Ky., June 15.—The Confederate Southern Memorial Association which has a membership in the thirteen Confederate States, met to-day and heard numerous reports and many addresses of welcome. Mrs. W. J. Behan, of New Orleans, president of the association, responded to the words of welcome. Miss Mary Ashe Hall, of Atlanta, historian of the association, reported the organization in a flourishing condition, and memorial work going on all over the country wherever Southern soldiers are buried.

GATTIS-KILGO SUIT.

Plaintiff Rested, Defendants Move for Non-Suit—Arguments.

(Special Star Telegram.)

Raleigh, N. C., June 15.—The plaintiffrested its case about noon to-day in the trial of the Gattis-Kilgo damage suit. Thereupon counsel for the defense made a motion to non-suit on the ground that the plaintiff failed to show evidence of malice on the part of the trustees of Trinity College in the publication of the pamphlet giving the proceedings of the famous Clark-Kilgo investigation.

This motion is now being argued. Judge R. W. Winston and T. T. Hicks, have spoken in support of the motion and C. B. Watson against it. To-morrow morning, T. M. Argo will argue against the motion and Ex-Governor C. B. Aycock for ft. If Judge Moore does not allow a non-suit, the introduction of witnesses for the defense will proceed. The jury is held together in the jury-rooms of the court house, while the non-suit argument is in progress.

COTTON FUTURES SOARING.

Is it a Bait for Unsuspected Lambs in the South?

New York, June 15.—The cotton market was active and excited today with prices, after opening 5 to 10 points lower, advancing over 30 points on active months and crowding the 9 cent mark on active covering by shorts and continued buying leading shorts and continued buying by leading interests. The greatest confusion occurred in the afternoon when it was reported that the recent bear leader had issued a statement predicting a whirl-wind advance in prices shortly for reasons which he was not at liberty to disclose but which were not strong enough to induce him to accept a considerable loss on his short contracts. The market closed 2 to 3 points off from the top under realizing but firm at a net advance of 22 to 28 points. The sales were estimated at 650,000 bales.

The market for spot cotton closed quiet at 9.10.
